

AB 841 CERTIFICATION STATEMENT

This statement is to be completed and submitted with the invoice requesting grant funds for reimbursement.

Contractor Name:

Contract Number:

CONTRACTOR hereby certifies that the AB 841¹ requirements do not apply to the project associated with the contract stated above or that the project has complied with all AB 841 requirements.

Select one of the following options:

- AB 841 requirements do not apply to the project because the electric vehicle charging infrastructure has been installed by employees of an electrical corporation or local publicly owned electric utility.
- All electric vehicle infrastructure and equipment located on the customer side of the electrical meter has been installed by a contractor with the appropriate license classification, as determined by the Contractors' State License Board, and at least one electrician on each crew, at any given time, held an Electric Vehicle Infrastructure Training Program (EVITP) certification. In addition, for projects that installed a charging port supplying 25 kilowatts (kW) or more to a vehicle, at least 25 percent of the total electricians working on the crew for the project, at any given time, held an EVITP certification. One member of each crew may be both the contractor and an EVITP certified electrician.

Installer Name:

Installer Address:

EVITP certification numbers of each certified electrician that installed electric vehicle charging infrastructure or equipment for the project are listed below, and certifications are attached.

EVITP Certification Number(s)
