**Project Title:** Data Cabling and Low Voltage – Request for Proposals

**Project Location(s):** City-owned and operated facilities

**Project Description:** Public Works staff is soliciting proposals in response to a Request for Proposals (RFP) for Data Cabling and Low Voltage Services. This RFP will result in a new contract that will replace the existing contract for Data Cabling and Low Voltage Services approved in 2018. Work would occur within existing City-owned and operated facilities as part of ongoing maintenance and keeping technology up to date.

**Public Agency Approving Project:** Roseville City Council

**Agency/Individual Carrying Out Project:** City of Roseville Public Works Department

**Reason why this Project is Exempt:** This project qualifies for a Class 1 Exemption as described in Section 15301 of the California Environmental Quality Act (CEQA) guidelines which states:

"Class 1 consists of the .... Repair, maintenance, ... or minor alteration of existing public facilities, ....involving negligible or no expansion of existing or former use.... Examples include but are not limited to: (a) Interior or exterior alterations involving such things as interior partitions, plumbing, and electrical conveyances..."

The project is generally confined to within existing City facilities and on City property and would not result in expansion of use. No environmentally sensitive resources are located within any of the properties; therefore the Class 1 exemption is applicable to the proposed project.

**Lead Agency Contact Person:** Darci Carpenter, Public Works Department – Facility Services, 2005 Hilltop Circle, Roseville, CA 95747. (916) 774-5702.
