9. SPECIAL REQUESTS/REPORTS/PRESENTATION

9.1. Roseville Soccer Complex - Approval of Final Construction Documents

Memo from Park Planning & Development Manager Tara Gee and Parks, Recreation & Libraries Director Jill Geller recommending the City Council approve the final construction documents for the Roseville Soccer Complex. In August 2022, the Council approved the master plan for the Roseville Soccer Complex which included 10 lighted artificial turf soccer fields, a universally accessible playground and support features such as off-street parking, restrooms, shade structures, concession/officials room, lighting and walkways. At that time, a Subsequent Initial Study/Mitigated Negative Declaration was adopted to comply with the California Environmental Quality Act (SCH No. 2002082057). The approved delivery model is a design-assist process. This allows for the development of the plans in collaboration with the City, the Designer and the Contractor. Benefits of this approach provide for a method to control costs through a pre-construction phase for budget analysis and constructability review, minimizes change orders and allows for the phasing of construction work while other aspects of the project are being refined. This decreases delays and provides for an earlier start of construction. The grading plans for the Soccer Complex were approved by Council on June 7, 2023. Grading operations began on June 12, 2023. The Engineering and Building permits have now been issued for the full project. This milestone allows the construction of the Soccer Complex to keep moving forward. Funding for the construction of the project was approved on March 15, 2023 with the award of the construction contract to Bothman Construction, Inc. The funding for this work includes allocations from the West Roseville Neighborhood Park Fund, the West Roseville Citywide Park Fund, the Strategic Improvement Fund, the Public Facilities Fund, the General Fund, the Federal Stimulus Reserve -

American Rescue Plan Act Fund and repayment from Placer Valley Tourism for work performed under a separate Sports Complex effort. Maintenance for this facility will be funded by revenue generated by the facility and the Parks, Recreation & Libraries operations budget in the General Fund. CC #: 2996
