Location: 5/30/2019-S. RLS.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Would state the intent of the Legislature to codify the decision in the Dynamex case and clarify its application. The bill would provide that the factors of the “ABC” test be applied in order to determine the status of a worker as an employee or independent contractor for all provisions of the Labor Code and the Unemployment Insurance Code, unless another definition or specification of “employee” is provided. The bill would exempt specified professions from these provisions and instead provide that the employment relationship test for those professions shall be governed by the test adopted in S. G. Borello & Sons, Inc. v. Department of Industrial Relations (1989) 48 Cal.3d 341 if certain requirements are met.

Last Amend: 3/6/2019

Status: 5/30/2019-In committee: Hearing postponed by committee.

Location: 5/16/2019-S. E.Q.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Current law requires the State Water Resources Control Board, on or before December 31, 2023, to adopt uniform water recycling criteria for direct potable reuse through raw water augmentation, as specified. Current law defines “direct potable reuse” and “indirect potable reuse for groundwater recharge” for these purposes. This bill would eliminate the definition of “direct potable reuse” and instead would substitute the term “groundwater augmentation” for “indirect potable reuse for groundwater recharge” in these definitions. The bill would revise the definition of “treated drinking water augmentation.”

Status: 6/6/2019-In committee: Set, first hearing. Hearing canceled at the request of author.

Location: 5/29/2019-S. E.Q.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: The California Safe Drinking Water Act requires the State Water Resources Control Board to administer provisions relating to the regulation of drinking water to protect public health. The act requires the state board to provide the local primacy agency, to the extent funds are available from the Safe Drinking Water Account, with an annual drinking water surveillance program grant to cover the costs of conducting inspection, monitoring, surveillance, and water quality evaluation activities specified in the local primacy agreement. The act requires the state board to adopt a schedule of fees and requires a public water system under the jurisdiction of a local primacy agency to pay these fees to the local primacy agency in lieu of the state board. This bill would include enforcement costs as costs covered by an annual drinking water surveillance program grant.

1st House				2nd House							

Summary: Would require the California Department of Tax and Fee Administration to collect the California tire fee and would repeal the provision authorizing the Department of Resources Recycling and Recovery to solicit and use the expertise of, and contract or cooperate with, other state agencies. The bill would increase the California tire fee by \$1.50. The bill would require the California Department of Tax and Fee Administration to transfer the additional moneys to the Stormwater Permit Compliance Fund, which would be established by the bill, and would make the moneys available to the State Water Resources Control Board. The bill would continuously appropriate moneys in the fund for competitive grants for projects and programs for municipal storm sewer system permit compliance requirements that would prevent or remediate pollutants, including zinc, caused by tires in the state and for an annual audit of the fund. Money in the fund would be available upon appropriation for the administrative expenses of the fund, not to exceed 5% of the overall revenue annually deposited in the fund, except as specified. The bill would also make conforming changes. This bill contains other related provisions and other existing laws.

Current Text: Amended: 4/4/2019 [html](#) [pdf](#)

Current Analysis: 04/29/2019 [Assembly Appropriations \(text 4/4/2019\)](#)

Last Amend: 4/4/2019

Status: 5/16/2019-In committee: Hearing postponed by committee.

Location: 5/1/2019-A. APPR. SUSPENSE FILE

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Current law, for taxable years beginning on or after January 1, 2014, and before January 1, 2019, excludes from gross income under both laws any amount received as a rebate, voucher, or other financial incentive issued by a local water agency or supplier for participation in a turf removal water conservation program. Current law limits the collection and use of taxpayer information and provides that any unauthorized use of this information is punishable as a misdemeanor. This bill would extend the operative date of the provisions excluding from gross income specified amounts received in a turf removal water conservation program to taxable years beginning before January 1, 2024.

ACWA: Favor
CMUA: Support
RWA: Support

Bill Digest: Would provide tax exemptions for residential and business customers who receive rebates, vouchers or other financial incentives from us for water conservation or storm water capture projects.

Summary/Background: This bill would exclude any amount received as a rebate, voucher or other financial incentive issued by a local water agency or supplier for expenses incurred to participate in a water efficiency or storm water improvement program from gross income for individuals and corporations.

This continued incentive will encourage future participation in these programs with the end goal of increasing water efficiency and improving storm water management in California.

Position Recommendation: Support

Consumer rebate programs not only allow public utilities to save money while building resilience, they can also help to stimulate our local economy and have a profound collective impact upon environmental and energy sustainability. In record precipitation years, like this year, it is very difficult to maintain a compelling water efficiency message and garner support. The rebate program provides much needed incentive to conserve regardless of our water supply condition. Reducing that financial incentive by making rebates taxable income would be a major disincentive for customer participation and will undermine the success of our program.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Would establish the Lithium-Ion Battery Recycling Program in the Department of Resources Recycling and Recovery. The bill would require a covered entity, as defined, on or before March 1, 2021, to provide a list of covered products that it sells or offers for sale in the state to the department and the total number of each covered product it sold in the state during the prior year, and to update those lists annually. The bill would define "covered product" to mean a lithium-ion battery sold separately or sold with a product, or a product containing a lithium-ion battery or battery pack that is not designed to be removed from the product by a consumer.

Sponsors:

California Product Stewardship Council (Co-Sponsor)
Californians Against Waste (Co-Sponsor)
Rethink Waste (Co-Sponsor)

Bill Digest: AB 1509 would prevent lithium-ion batteries from being improperly disposed of in the waste stream by creating a recycling program for both loose lithium-ion (Li-ion) batteries and ones embedded in products. Segregating them from our waste stream will significantly reduce the fire and safety risks these batteries impose.

Summary/Background: Li-ion batteries are lightweight, rechargeable batteries that store high levels of energy in relation to their size. Their high energy density allows them to power portable electronic devices, such as cell phones, tablets, laptops, toys and power tools.

While lithium's lightness and reactivity make it great for storing high levels of energy in small units, it also makes these batteries extremely dangerous when mishandled. When Li-ion batteries come into contact with metal, or are crushed, punctured, or dropped, the batteries can cause a fire or explosion. Fire Rover reported in 2017 that more than 1,700 fire incidents occur annually from Li-ion batteries at US and Canadian MRFs. This estimate is likely low estimate, as many smaller fire incidents go unreported daily.

Position Recommendation: Support

Roseville supports AB 1509 because, when improperly disposed of, these batteries pose a serious fire, health, and safety hazard. In fact, several years ago, we experienced a truck fire that we believe was ignited by batteries. The increased rate of consumption has led to higher levels of batteries that improperly end up in the waste stream, resulting in fires in material recovery facilities (MRFs), transfer stations, waste collection trucks, and landfills. These fires can cause immense damage to a cities' waste collection and processing vehicles, equipment, and facilities while also endangering the lives of their workers.

SB 414

(Caballero D) Small System Water Authority Act of 2019.

Current Text: Amended: 5/17/2019 [html](#) [pdf](#)

Current Analysis: 05/23/2019 [Senate Appropriations \(text 5/17/2019\)](#)

Organization	Position	Priority	Assigned	Subject	Group
EU	Support	Hot	Noelle	Water	ACWA, CMUA, RWA

CMUA-Eastern: Sponsors

ACWA: Support

RWA: Support

Bill Digest: SB 414 would create the Small System Water Authority Act of 2018. The bill would establish criteria for the consolidation of water of systems not meeting drinking water standards. In doing so, it would help to prevent propping up systems who cannot consistently meet state and federal drinking water standards.

Summary/Background: There are approximately 329 systems in the State of California chronically serving contaminated water or cannot provide reliable water service due to unsound infrastructure/operations. A majority are very small systems and that have small rate bases and lack the technical, financial, and managerial expertise to implement complex solutions. Additionally, many of these systems are in disadvantaged communities.

Position Recommendation: Support

SB 414 and SB 669 are considered to be a package that provides the State Water Board with a comprehensive solution to address the critical situation facing hundreds of thousands of Californians, without placing a tax on each one of our customer meters.

Approximately \$554,294 would be collected annually from our customers and our own connections and sent to the state. The proposed water tax would only allow us to keep from \$11,000 to \$22,000 in administrative fees. The potential annual costs to the City/EU have been estimated to potentially exceed \$100,000/annually.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Current law requires each wholesaler and retailer of treated wood and treated wood-like products to conspicuously post information that contains a specified message, including a certain internet website address at which more information can be found, at or near the point of display or customer selection of treated wood and treated wood-like products, as provided. Current law requires the wood preserving industry, as defined, to, jointly and in consultation with the Department of Toxic Substances Control, make information available to generators of treated wood waste that describes how to best handle, dispose of, and otherwise manage treated wood waste. Current law repeals these requirements on January 1, 2021. A violation of the hazardous waste control laws is a crime. This bill would delete the repeal provision, thereby extending the operation of those provisions indefinitely.

Summary: Current law, until January 1, 2018, required the Attorney General to represent the Department of Finance and to succeed to all rights, claims, powers, and entitlements of the Electricity Oversight Board in any litigation or settlement to obtain ratepayer recovery for the effects of the 2000–02 energy crisis. Existing law, until January 1, 2018, additionally prohibited the Attorney General from expending the proceeds of any settlements of those claims, except as specified. This bill would require the Attorney General to represent the Department of Finance and to succeed to all rights, claims, powers, and entitlements of the Electricity Oversight Board in any litigation or settlement to obtain ratepayer recovery for the effects of the 2000–02 energy crisis.

1st House				2nd House							

Summary: Pursuant to current law, the Public Utilities Commission has adopted resolutions establishing fuel or feedstock procurement requirements for generation from bioenergy projects intended to reduce wildfire risks that are applicable to the state’s 3 largest electrical corporations. This bill would expand the fuels and feedstocks that are eligible to meet these wildfire risk reduction fuel and feedstock requirements to include biomass diverted from specified higher fire-risk zones.

1st House				2nd House							

Summary: Current law establishes the Underground Storage Tank Cleanup Fund and authorizes the State Water Resources Control Board to expend moneys in the fund for certain purposes, including for transfer to the Site Cleanup Subaccount, as provided. Current law authorizes the board to expend funds in the subaccount, upon appropriation by the Legislature, for certain purposes. This bill would additionally authorize the board to expend moneys in the subaccount to water replenishment districts for reasonable and necessary costs incurred to identify the source of surface or groundwater contamination, or to water replenishment districts, under the direction of the board, a regional board, a local agency, or another appropriate regulatory agency with authority over surface or groundwater cleanup oversight, for the specified remediation costs.

Location: 5/30/2019-A. L. GOV.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: The Mitigation Fee Act, among other things, requires fees for water or sewer connections, or capacity charges imposed by a local agency to not exceed the estimated reasonable cost of providing the service for which the fee or charge is imposed, unless a question regarding the amount of the fee or charge imposed in excess of the reasonable cost of providing the service or materials is submitted to and approved by 2/3 of the electors voting on the issue. The Mitigation Fee Act defines the term "fee" for these purposes. This bill would revise the definition of "fee" to mean a fee for the physical facilities necessary to make a water connection or sewer connection, and that the estimated reasonable cost of labor and materials for installation of those facilities bears a fair or reasonable relationship to the payer's burdens on, or benefits received from, the water connection or sewer connection.
